The Magnolia was immediately run upon the beach. The President and his party were not injured. The Magnolia is now steaming toward the Atlantic Ocean, on board the Flagship West Virginia. APPEAL FOR HELP

From the Captain of the Fruit Company's Steamer.

New Orleans, Oct. 27.—The first of the collision occurred at 11 o'clock last night. The Magnolia was struck on the hull below the water line, and the Esparta was struck on the bow. The Magnolia was immediately run upon the beach. The President and his party were not injured. The Magnolia is now steaming toward the Atlantic Ocean, on board the Flagship West Virginia. The collision occurred at sixty-mile point at eleven o'clock.

The Magnolia is now steaming toward the Atlantic Ocean, on board the Flagship West Virginia. The collision occurred at sixty-mile point at eleven o'clock.

Badly. President Roosevelt and his party were on deck. The tender did not stop but immediately proceeded out in the gulf. The West Virginia was in plain sight. The Ivy quickly covered the distance separating the two vessels and as the Ivy approached a presidential salute sounded from the warship.

The president was soon transferred to the West Virginia which had already lifted her anchors, and before 10 o'clock she started on her journey up the coast. The News Reaches Boston. Boston, Oct. 27.—A despatch from New Orleans to the United Fruit Co. in this city, leaves of the steamer Esparta, announced that a collision occurred between the steamer and the light house tender Magnolia, about 60 miles south of New Orleans at about 11:10 a. m. both vessels going ashore. The Esparta was pulled off shortly afterward practically undamaged, the despatch said that the Magnolia was fast aground and apparently much damaged. The despatch said the president who was on board the Magnolia, went on board the light house tender Ivy at about 6 o'clock.

The Esparta was bound inward with a cargo of fruit from Port Limon, Costa Rica.

President Was Asleep. New Orleans, Oct. 27.—The Light House Tender Ivy returned from the sea after putting President Roosevelt on board and stopped at Pilot Town.

They report that the president was in excellent spirits and unshaken by the accident. At the time of the accident at 11 o'clock, the president, who was on board the Magnolia, was asleep. He had turned in shortly after the vessel left New Orleans. The two ships were near the west shore when they came in contact in an effort to avoid running into each other. The crew of the Esparta struck the Magnolia on the port bow. It was not known to what extent the Magnolia might have been injured and there was great haste in pushing her ashore as both vessels grounded but the Esparta got off under her own steam and was found not to have suffered any damage.

Message From Blanchard. Gov. Blanchard sent the following message to president.

"New Orleans, Oct. 27.—President Roosevelt aboard Cruiser West Virginia.

"People of Louisiana regret accident of last night. Rejoice it had no serious consequence. Trust your voyage to Washington will be pleasant and devoid of further mishaps.

(Signed) N. C. Blanchard, Gov."

PRESIDENT AND PARTY

Were Transferred to Light House Tender Ivy After the Wreck.

New Orleans, Oct. 27.—The light house office here has received the following despatch from Commander Sears, U. S. Navy, dated Nainai La: The lighthouse tender Magnolia was struck on the port side at 11 a. m. Oct. 26, by the steamship Esparta near Sixty Mile Point. No one was hurt on either boat. The Magnolia was grounded. The president and party were transferred to the light house tender Ivy, which was accompanying the Magnolia and proceeded to the West Virginia on time. The master, officers and pilot were on duty on board the Magnolia at the time of the collision. It is believed the Magnolia can

make the necessary repairs to return to New Orleans under her own steam. Nainai is on the right, or west bank of the river and is in a bend. It is presumed that both boats were running close to the shore. As the Magnolia was struck on the port side it is the theory that she was near to the shore to be immediately run aground.

J., Oct. 27.—The run on the Trenton Trust and Safe Deposit Company, which assumed large proportions yesterday continues today but the withdrawals at noon while they aggregated between two hundred and three hundred accounts amounted to less than \$10,000. In the meantime deposits were made by Col. Washington A. R. Kiser, Col. A. R. Kiser, and other officers and Trenton business men to a total of nearly \$200,000. It will hereafter be known as Company 1 of the Fourth Infantry. An order making this transfer was issued by Major General Critchfield. The new move is in line with a recently passed policy of the U. S. war department to have a machine gun company in each infantry, equipped with Colt's automatic, which will be strapped to the horses. To make room for the transfer of the battery, Company 1, Fourth regiment, stationed at Xenia, is transferred to Third Infantry, as Company 1 of the regiment.

WILL PROBE FAILURE

Of Enterprise National Bank To Discover Who Was Helping It On.

Pittsburg, Oct. 27.—The special government officers conducting the investigation into the affairs of the Enterprise National Bank of Allegheny, Pa. is said, are making excellent progress, notwithstanding handicaps in the shape of missing collateral and other alleged papers which have a direct bearing on the condition of embarrassed institution and a definite report is expected shortly.

The inquest into the death of Cashier Clark which will be held Monday afternoon is expected to disclose important facts regarding the dead financier's operations and the nature of his loans. In an open letter yesterday, a local newspaper challenged Coroner Armstrong to summon as witnesses at the Clark inquest a number of prominent men, whose names have been mentioned in connection with the bank failure and who reside out of the county, the paper offering to serve the subpoenas. The coroner has accepted the offer and subpoenas demanding the presence of prominent state politicians at the inquest are expected to be issued today.

ST. PETERSBURG IS IN DARKNESS AND CLASH OF ARMS IS IMMINENT

SHE SHOULD GIVE HIM A SPANKING.

Ashtabula, Ohio, Oct. 27.—Joe Thomas, a Syrian lad, aged 14, is under arrest here on charges of assaulting his wife, who is thirty. It is claimed that the wife refused to longer live with Thomas and he attempted to choke her into changing her mind. The pair have been married ten years, the boy, being given in matrimony by his parents after the custom of his people when only four years old. The family has lived here only a short time.

GUN WAS WORSE THAN THE LION.

Chicago, Oct. 27.—A despatch to the Tribune from Toledo, O., says: Will F. Granger, one of the members of a company playing a melodrama, was shot in the eye during the performance of the play last night. The action of the drama includes the rescue of a girl from a cage of lions. Last night one of the lions showed anger and a revolver carried by the rescuer was accidentally discharged. Granger may lose his sight.

TEAM TO CARRY ITS OWN WATER.

Columbus, Oct. 27.—One of the funny little sidelights to the Case-Ohio State foot ball game here Saturday is the fact that Wentworth's team will carry from Cleveland all the water it drinks before the game. Case last year had trouble with the water here and the same thing happened at Delaware when the Ohio Wesleyan team was met. It is to guard against this, that the Lake Erie brand was decided on as the official beverage.

A MURDER MYSTERY

That Is Seventeen Years Old May Now Be Cleared In New York.

A CONFESSION IS MADE

By James M. McManus to Police Department at Philadelphia.

Philadelphia, Oct. 27.—A poorly dressed man giving the name of James J. McManus, no home, walked into a station house today and told the lieutenant that he had committed a murder on the Brooklyn bridge 17 years ago.

"At the time of the murder, in Aug. 1888," he said, "I was a marine on the school ship Alliance, then in New York harbor. One of my friends on the boat, Scotty Wilson and I got shore leave one day and tramped the Bowery until we were pretty nearly drunk. Then we started to cross the Brooklyn bridge. When we got to about 300 feet of the Brooklyn bridge we quarrelled and got in a fight. I picked Wilson up and threw him over the bridge. He landed on a lumber pile and was killed. I was arrested and arranged before a magistrate, but I got off by telling him that both of us were drunk, and I was when arrested, and that Wilson had tried to climb on top of the railing and fell off. "I am now ready to pay the penalty for my crime." The New York police will be notified.

FIGHTERS SIGN FOR SIX ROUNDS.

New York, Oct. 27.—According to a morning paper Terry McGovern and Battling Nelson have each matched to fight six rounds, probably before a Philadelphia Club, about the middle of December. Joe Humphrey, Terry's manager said yesterday that all other offers to fight McGovern must await the outcome of his bout with Nelson.

Students Attempting to Hold Their University Against Trepoff's Troops.

Soldiers Have Been Despatched to Surround the Building and a Warning Issued That a Meeting Shall Not Be Held by the Rebellious Students.

MORE MEN JOIN RANKS OF STRIKERS.

Ball Cartridges Have Been Issued to the Troops and They Are Ordered to Use Them at the Slightest Sign of Disorder. Proclamation Has Been Issued at Moscow.

St. Petersburg, Oct. 27, 4:35 p. m.

During the afternoon the wildest rumors spread and the city was seized with a semi-panic. The students began to congregate at the university in the Vassali Ostle district announcing that they intended to hold the building as the students of Kharkoff held their university against the military and to hold a big meeting to which workmen of all the social groups are invited. Warning had been issued last night that the government would not permit revolutionary meetings at the Universities and higher schools under the guise of student assemblies. General Trepoff despatched troops to surround the building and trouble is momentarily feared. To add to the alarm the strikers have succeeded in stopping the machinery of the electric light plant and the city is plunged in darkness.

GOVERNOR GENERAL At Moscow Issues an Appeal to the Residents of the City.

Moscow, Oct. 27.—All the employees of the water and gas works and street railway lines struck today. The governor general has issued a proclamation to the effect that traffic on the Nicolai and Moscow and Kazan lines will be restored and that the strike will not prevent the city from being supplied with provisions of which there is an ample stock.

The governor adds that, for the protection of peaceable people, troops have been posted throughout the city and that they will fire with ball cartridges in the case of even the slightest gathering of people or the slightest sign of disorder.

The proclamation concludes with an appeal to the residents to pursue their daily avocations calmly.

Re-inforcements Coming In.

St. Petersburg, Oct. 27.—Reinforcements of troops are pouring into the city. The yellow Cuirassiers, Hussars and the Omsk regiments have arrived here from Tarkes-Selo and 6,000 soldiers are coming by water from Revel. Several trains with military escorts have forced their passage from Moscow but the railroad tie-up is practically as tight as on yesterday. The government's railroad battalions are now exhausted. The last were sent to Moscow and Syrenid last night.

Story of Mutiny Confirmed.

Private reports received here are said to confirm the story of the mutiny on board the battleship Catharine II, and the destruction by fire of the battleship Patulomhenn, formerly the Kutay Potemkin, but the authorities do not confirm the rumors and telegraphic inquiries remain unanswered. In some towns a reign of terror is reported to exist. At Minsk the people have shut up their houses, the governor having warned them not to venture in the streets at the peril of their lives.

Bank at Libau Robbed.

Libau, Russia, Oct. 27.—The local bank here has been robbed by armed men.

SHOPS WERE REOPENED.

But Uncertainty and Unrest Prevails in St. Petersburg.

St. Petersburg, Oct. 27.—Warnings to the people that in case of disorder the soldiers will fire ball cartridges are posted on every street corner today.

The city is calmer on the surface under the rigorous measures adopted Gen. Trepoff, in order to restore confidence dictated all shop keepers to take down the boards from shop windows during the night and this morning the city awoke to find the shops reopened.

Little squads of soldiers are quartered along the streets to preserve order. Even detachments of the crack guard regiments line the Prebrajensky, Semenovskiy and horse guards are doing patrol duty. Nevertheless beneath the surface there is much excitement. The revolutionists have spread the tidings that a revolution has begun and the city is filled with the wildest rumors. For example a story is afloat that a provisional government has been established. The better classes are afraid to venture out. Many meetings have been held during the night. Though the task of continuing the strike more than a few days seemed utterly hopeless to the practical mind, it is seen that there is a deep-rooted craving for liberty, and that the agitators have experienced little difficulty in inducing all classes of workmen to join in the anti-government demonstration. At a meeting of delegates from the professional union comprising doctors, druggists and lawyers, it was decided to strike from Oct. 28, until a constituent assembly is summoned. The latest advices from afinsk, Gieff and Saroff are disquieting.

An Uncensored Publication.

The street cars in St. Petersburg have ceased running and the employees of the bureau of ways and communications and even the banks' office employees have agreed to affiliate themselves with the movement. The printers, have resolved, upon a unique demonstration to voice their demand for a free press. They have decided not to print a single newspaper tomorrow but instead to publish clandestinely an uncensored paper for distribution by the workmen, containing the demand of the proletariat for a constituent assembly. Just when reports abroad indicate that freedom of an assembly would be granted, a bad impression has been created by the publication in official messenger of a belated set of "Temporary" regulations three columns in length dealing with right of assembly which will require from three to seven days notice to the police of the object of the meeting with the names of speakers etc. Then if permission is granted the police are empowered to close the meetings if opinions are uttered which are detrimental to the government.

Situation at Warsaw.

Warsaw, Russian Poland, Oct. 27.—Telegraphic communication between Warsaw and St. Petersburg, Moscow and Berlin was severed today in consequence of a fire in the telegraph office caused by the fusing of electric wires. The strike is in full swing here at the factories and the strikers are urging all class of workmen to leave their work. The shops are still open and workmen are holding big meetings without interference on the part of the police.

Have Joined at Lodz.

Lodz, Russian Poland, Oct. 27.—The employees of all the local factories, street car lines and the suburban railroads have struck.

LENA PRIESTAP

Passes Away After Two Weeks Illness

With Disease Which Proved to Be Diphtheria of a Severe Nature.

SEVERAL NEW CASES.

Rev. Thomas Figured In a Bicycle Accident This Morning.

South Side Streets Traveled by a "Hug-Worm." Newsy Notes.

It is a deplorable fact, a sad fact, that it is necessary to publish the death of another victim of diphtheria, and in this case, through the disease being misnamed "Tonsillitis" by one attending physician, and at the last moment called diphtheria by another physician, there have been many persons exposed to the disease.

Two weeks ago last Monday, Miss Lena Priestap, daughter of Mr. and Mrs. Charles Priestap, of south Central avenue, became ill with throat trouble. A physician was called and after making an examination pronounced it "Tonsillitis." The next day the young lady could not talk, nor had she been able to talk until last Monday, when she asked her mother to "get another doctor." A second physician was called and he was shocked to find the patient a victim of a very bad form of diphtheria, and expressed his opinion: "That it was too late."

This proved only too true, and although everything was resorted to, Miss Lena passed away at 7 o'clock this morning.

Deceased was born in Port Jefferson and was 18 years, 10 months and 25 days old. She had united with the Methodist church at Plum Creek six years ago, and was a faithful member. She came to this city last April with her parents, from Sidney.

Death being caused by contagious

disease, no funeral services are permitted. Interment will be made in Woodlawn cemetery, the morning following the residence, at 7 o'clock tomorrow morning.

Somebody Please Catch Him.

A fiend in human form has appeared in one of the south side districts, McPherson avenue and Harrison avenue—one of those cheerful fellows who go about insulting girls—little girls who are not large enough to resent his advances with a hat pin, club or stick of dynamite. This fellow is a kind of a "hug worm," a second cousin to the "kissing bug," or possibly a relative to the fellow who stands on the corner and makes "breaks" at every woman or girl who may pass his way. This fellow alluded to, amuses himself by making attempts to hug a victim occasionally, and he makes very insulting remarks, the kind that would not look well in print to big girls, little girls, old girls and young girls, and he has been in his haunts so long or so often that some of the persons annoyed have given the police force a very good description of him. He is smooth-faced of rather chunky build, wears a black derby hat and a light overcoat.

Bicycle Accident.

This morning a collision of bicycles attracted a crowd of people near the McComb bakery. It was one of those unavoidable accidents that will occur occasionally. Rev. Thomas was riding along Main street when a lad named Bogart attempted to cross the street, and a collision resulted, in which the reverend's bicycle was worsted. Mr. Thomas wanted to talk to the boy about the matter, when a crowd of fellows who seemingly had nothing else to do, interfered, and began shouting: "Run away, kid," "don't listen to him," "get on your wheel and ride off," and a lot of other disrespectful remarks. There always are a lot of those fellows standing around, who interfere when a man tries to do the part of a gentleman, and in this case the boy became rattled and scarcely knew what to do. When the reverend told him that "if he would come and talk to him about the matter it would be all right, but if he did not, he would arrest him" the little fellow "faced the music" like a man and a settlement was reached.

Several of the "booters" said it was the reverend's fault, but as it was the rear wheel which was broken, that could not be. At least the writer has not noticed any preachers riding a bicycle backwards—not lately. The accident was simply unavoidable.

With "Uncle Tom" Greenland, whose
private and public life are above re-
proach and worthy of emulation, in
company with that bright and aggres-
sive young business man, Wm. B.
Craig, on the council, the city's af-
fairs will be given capable attention,

taxpayers.

The best and surest way to build up

Easy to Take Easy to Operate Hood's Pills

Because purely vegetable—yet thor-
ough, prompt, healthful, satisfactory—
Hood's Pills

this city is to cut down the taxes, and
pay off some of the indebtedness.
That's the truth, and its shafts hurt
only when they hit the bulls' eye of
some fellow who is trying to defeat
both those aims.

There have been several bulls' eyes
made right in this town in the last
few weeks.

Hamilton county controlled by Gen.
R. Cox has a funded debt of \$2,797,650.

Allen county, for years under demo-
cratic control has not one dollar of
funded indebtedness.

The title "good fellow," whether by
nature or manufactured doesn't within
itself constitute a qualification for of-
fice holding, and nine hundred and
ninety nine times out of every thou-
sand cases, office holding is a destruc-
tive agency for the "good fellow."

The manner in which the "Boss"
Quail's county and city tickets were
nominated, and their failure to ap-
prove the just reductions in salaries
started such a terrific assault, that ev-
ery man on the tickets is now devot-
ing himself to the saving of his own
scalp.

Tom Edwards was the first to break
the solid front, and raise the cry "Me
for Edwards."

Allen county has over eight hundred
miles of macadamized roads, a splen-
did court house, excellent infirmary
buildings with four hundred acres of
adjacent land, a modern children's
home, and doesn't owe one dollar on
any of these improvements.

These public improvements were
built and paid for all under democratic
administrations.

Lima, under republican rule has ac-
cumulated a debt of \$1,173,434.28, and
an annual interest expenditure of over
\$52,000.

Do you as a tax payer want the
county to take on such a burden as
republican rule has given to Lima.

If you do vote for the "Boss" Quail
ticket.

SUPPLY BILLS.

The commissioner's annual report
recently published, gives in detail the
amounts paid for stationery and sup-
plies in the various county offices, dur-
ing the year 1904, and the totals make
an interesting budget for the perusal
of the taxpayers of the county.

They are given below, the order of
arrangement being established by the
amount paid out on account of the
respective offices:

County Clerk	\$1282.90
Probate Judge	1017.68
County Treasurer	695.99
County Surveyor	553.21
County Auditor	408.60
County Recorder	385.41
County Sheriff	271.65
County Commissioners	203.45
County Prosecutor	114.00

MR. FISK'S HEALTH RECORD.

There has been considerable said
recently by the Quail organ about Mr.
Fisk's attitude on the \$475.00 allow-
ance to Health Officer Jones, and in
every way possible his position has
been distorted.

The official record of the board of
health, kept by the clerk and signed
by the officer presiding at the meeting
is the best answer possible to the
calumnies.

A transcript of the minutes of the
meeting at which this bill was acted
upon, reads as follows:

"Report of the special committee,
consisting of Solicitor Bentley, Mem-
bers Crosson and Smith appointed to
report on extra expenses incurred by
Dr. Jones, during the smallpox epi-
demic, recommending that the health
officer be allowed for the same the
sum of \$475.00, signed by Bentley and
Crosson was received, and thereupon
a motion was made by Stolzenbach,
which carried by the following votes,
that a voucher be made out for the
said amount, and the city auditor di-
rected to issue a warrant for its pay-
ment; yeas (3) Crosson, Heinenstein
and Stolzenbach; nays (1) Fisk.

Z. A. CROSSON, V. Pres.
O. J. ROSE, Clerk.

EXERCISE GOOD JUDGMENT.

There is no reason why Sardius
Abbott as a laboring man cannot serve
the city as an official equally as well
as those chosen from any other walk
in life, but there is every reason why
Sardius Abbott as a tuft-hunter under
the "Boss" Quail banner should be
turned to the wall.

Mr. Abbott is not on record as ap-
proving the reduction of fifteen hun-
dred dollars a year in the salaries of
the board of public service.

William Wilson the democratic can-
didate for the same office as Mr. Ab-
bott, declared himself in favor of the
reduction before the ordinance be-
came a law, even though it reduced
his pay five hundred dollars each year.

Mr. Abbott, if elected will repre-
sent the boss.

Mr. Wilson if elected will represent
the whole people.

The wise man and taxpayer, wheth-
er he be doctor, lawyer, merchant,

backer or baker, merchant or day la-
borer will make a wise choice between
the two.

ONE OF HUNDREDS.

One of the life long, intelligent, and
rich ribbed republicans of the city, a
man of mature years and extensive
property interests called at one of the
city offices this morning for instruc-
tions as to marking his ballot, and
during his stay he remarked:

"I want to vote for Pattison, and
the remainder of the state ticket re-
publican, and I want to vote the
straight democratic and county ticket
with one exception. There is too much
Quail about the county and city re-
publican tickets for me to swallow
them this year.

"I want to tell you that feeling is
general and the rebuke we are going
to give the "Boss", Albert Gale, Jimmy
Hefner, "Bertie" Campbell and Frank
Downing for their presumptuous ar-
rogance in dictating tickets, and demand-
ing appointments will be something
they will long remember.

MR. KOCH'S RECORD.

"Louie Koch used to live up in the
north end, says the Times, to which
we add the truthful postscript; but he
moved away when he voted against
the confirmation of those Irish police-
men when he was on the council."—
Republican-Gazette.

It is time for Tom Edwards to
hustle back to the office of the Quail
organ, and shut them up again. Such
silly twaddle as the above could not
possibly find source other than in the
mind bordering on the parotic. Louis
Koch is not ashamed of his votes on
the confirmation of policeman or any
other public question that came before
him during the four years he served
as councilman, and one of the best
the city ever had.

The proposition of the Quail organ
that the people north of the railroad
are influenced by the appointment or
rejection of a policeman is a nasty in-
sult, and that added to "Boss" Quail's
statement to one of his candidates
that they are all "boodlers" has for-
ever driven away the slightest hope
of even a heret and there republican
vote in the North End of the First
and Second wards.

The Irish people have a higher ideal
of what constitutes good citizenship
than has "Boss" Quail, Albert Gale,
Jimmy Hefner, "Bertie" Campbell and
Frank Downing, who base it on pa-
tronage, graft and prejudice.

But to revert to Mr. Koch and the
policemen for no other reason than
to prove once more than in a politi-
cal crisis, the Quail organ loses not
only its head but every semblance of
integrity.

Mr. Koch served four years on the
council, and during that time never
voted against the confirmation of any
candidate for policeman recommended
by the mayor, whether the candi-
date was Irish, American, German or
whatsoever his nationality.

The records of council show the fol-
lowing confirmations during Mr.
Koch's tenure, and his vote thereon.

May 24th, 1897.
Mr. Koch voted yes for the confir-
mation of Bell, Wingate, Watts, Roney,
Seeds, O'Brien, Goebel, Smalley, Ba-
come, C. H. McCoy, Burns, Creitsinger
and Lillie.

June 6th, 1898.

Mr. Koch voted yes to confirm the
following regular patrolmen: Watts,
Burns, Roney, Phalen, Wingate, Ba-
come, Conway, Creitsinger, Goebel,
Jackson, O'Brien, Croy, Smalley and
Seeds.

On the same date he voted to con-
firm as special policemen: Baker, Pat-
ton, Stepleton and Miller, and all were
confirmed.

June 5th, 1899.

On the date of this meeting, Mr.
Koch was absent on account of a
business trip to Iowa, and conse-
quently could not vote. The fol-
lowing officers were however confirmed
as requested by the mayor:
Burns, O'Brien, Harley, Patton, Win-
gate, Goebel, Heffner, Drennan, Seeds,
Phalen, Caddy, Armstrong, Conway,
Jackson and Judy.

June 6th, 1900.

On this date, Mr. Koch voted for
the confirmation of Wingate, Seeds,
Harley, Goebel, Armstrong, Caddy,
Neubrecht, Gardner, Roberts, Shook
and Sullivan.

On June 11th his vote was cast for
the confirmation of Jackson, Mills and
Bacome.

There is the record. It shows no
discrimination against any race, and it
is open for any dissection the Quail
organ desires to make.

An Awful Cough Cured.

"Two years ago our little girl had a
touch of pneumonia, which left her
with an awful cough. She had spells
of coughing, just like one with the
whooping cough and some thought she
would not get well at all. We got a
bottle of Chamberlain's Cough Rem-

stopped coughing and got stout and
fat," writes Mrs. Ora Bussard, Bru-

all druggists.

THE EXCLUSION ACT

Is Not Now Being Enforced
as Rigorously as It
Once Was.

President's Message Expected
to Pave Way for a
New Treaty.

Washington, D. C., Oct. 27.—It is the understanding that the efforts at treaty making between the United States and China will await the action of congress in the exclusion act. In accordance with an expected recommendation of President Roosevelt in his next annual message. So far there has been utter failure on the part of the two governments to get together on a treaty. Soon after China brought the treaty of 1894 to an end on the eighth of December last she presented the draft of a new treaty to the state department. This was turned over to the department of commerce and labor which has jurisdiction over immigration matters. When this department concluded with the treaty it was returned to the state department for transmission to China. China utterly rejected the instrument in its modified form. Since that time no further steps have been taken in the matter, although the understanding here is that China is preparing a new draft. That much has been done to lessen the rigor of the exclusion act in accordance with the expressed wishes of President Roosevelt is manifest by the increased number of Chinese who are coming into the United States. The records show that in September, 233 Chinese were admitted and but eleven rejected. In September of last year the number admitted was 128 and the rejected were 85. This, it is said, is result of the lessening of the tension at the ports of entry. Since the executive order was issued, inspectors charged with enforcing the Chinese exclusion law give great weight to what a Chinaman says in making his demand for admission. It is de-

clined much easier to satisfy the demands of Chinese than it was previously. A recent modification of the regulations made it is declared an absolute breach in the exclusion wall. The regulation in question required before it was modified that a Chinaman should be furnished by the transportation company for every Chinaman in transit. This bond has been entirely done away with. This fact, taken in connection with the ease with which a laborer can persuade an inspector that he is a "merchant" and only desires to pass through the country, constitutes the breach in the wall. Once in the country, "in transit," it is an easy matter to get off the train at any desired point and remain. This modification of the regulations in favor of the Chinese has not as yet become generally understood. When it is, of course, look for an influx of Chinese "in transit."

THE STAGE.

For the 24th edition of the "Devil's Auction" the scenic effects and accessories will, as usual, be one of its strongest features. This portion of the production has been under the direction of the noted artists Thomas Neville, M. Taylor Rue, W. W. Sparks, Louis Borgomaiori and assistants, and the claim of Manager Yale that this is a "Devil's Auction" from a new point of view is now fully exemplified.

Among the notable scenes from the brush of these famous artists are "The Inferno," "The Lake of Lost Souls" and "The Realm of Mephisto;" a new full stage set "The Valley of Andoche" with sunrise and sunset effects; two new comedy trick scenes, "The Gates of the Chateau Morpheus" and "The Magic Picture Gallery;" the brilliant Chinese scene "The Gardens of the Manikins;" new and glittering Tournament scene; the wonderful "Magic Forest" and the new Sahara scene with mammoth Sphinx effect. Also a new magnificent Transformation scene "Amor" which for originality of idea and brilliancy of conception, exceeds by far anything of this kind ever presented in this country.

Entire new costumes from designs of Melville, manufactured by Madame Baker and assistants, are a notable feature, while new mechanical effects, intricate properties and paraphernalia by A. J. Overpeck and assistants, elaborate and original electric and other light effects by the

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Effectiveness.

The ladies who have used Newcomb's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair dressing. It makes the scalp feel fresh and it allows the itching which dandruff will cause. Newcomb's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing for it lends an artistic charm to the hair that is quite distinctive. Sold by leading druggists. Send for a sample to The Herpicide Co., St. Louis, Mo.

William M. Melville, Special Agent.

Philadelphia Electric company, will further attest to Manager Yale's liberality as to the production.

The present season's cast is without question the best in years and is composed of most capable artists, headed by George R. Topack, an exceedingly clever comedian who has been engaged to appear as "Toby" the donkey, afterwards a man. "Devil's Auction" will be seen here tonight.

Orders Placed for Twenty-five Thousand New Freight Cars.

LARGEST ON RECORD.

Exceeding That Placed by the Pennsylvania Co., Last Week.

None of This Equipment to Be Placed on the L. E. & W. Lines.

New York, Oct. 27.—The New York Central railroad placed orders yesterday with several manufacturing companies for a total of 25,000 freight cars, calling for the expenditure of about \$25,000,000 says the Times. This order exceeds that placed last week by the Penna. railroad for 21,000 cars which until yesterday was the largest order for equipment ever placed by a railroad in this country. The orders placed yesterday are for delivery all through the year 1906. These orders, it is said do not represent the total of the central's requirements. In all probabilities more cars will be provided for today. Contracts for this record breaking amount of equipment were let yesterday by Vice President Brown of the New York Central. The equipment will be divided between the New York Central itself and the Lake Shore and Michigan Southern. None of it is, intended, so far as is known to the manufacturers, for the Vanderbilt lines west of Chicago. Except the cars ordered from the Pressed Steel Car Co. the order calls principally for wooden cars of the gondola and box varieties.

Driver, Freda Stettin, Bertha Truesdale and John Stettin have filed their petition in the court of common pleas of Allen County, Ohio, in case numbered 492 against the above named persons, praying for the quieting of the title of said plaintiffs to all that portion of the west half of the southeast quarter of section eighteen (18), township three (3) south, range seven (7) east, in Allen County, Ohio, which is west of the Dayton and Michigan Road, and containing six (6) acres of land, more or less, for a reason that though said Joseph Kerr acquired title to said premises, deceased from Jacob Stripe, dated April 18, 1836, recorded in Volume C. 2, page 208 of the need records of Allen County, Ohio, said Joseph Kerr never conveyed the same. But that on March 25th, 1850, James Kerr, claiming title to fee simple to said premises, conveyed to the title of said Joseph Kerr, conveyed the same to Francis Kerr by deed recorded in Volume 6 of page 117 of the deed records of said county, and that said Francis Kerr and those who claim under him, including these plaintiffs have been seised said March 25th, 1850, and now are in the open, notorious, peaceable, adverse and exclusive possession of said premises, plaintiffs also praying for such other relief as they may be entitled to in equity. LADIES' AND CHILDREN'S CLOAKS.

Judging by the way our sales in this department have increased over those of former years, people prefer to buy their coats where the

one price policy (and that price the lowest) prevails. If a merchant marks his cloaks at a high price and then knocks off one, two or even five dollars from his original price in order to make a sale, are you satisfied you are getting the coat at the lowest market price? Don't be deceived. Come here, see our styles and get our prices. We have but one price. That price is the same to a child as to the most scrutinizing shopper.

Ladies' coats at \$5, \$6.85, \$10, \$11.50, \$17.50, \$15, \$17.50, \$20, \$25, \$32.50.

Children's coats at \$1.98, \$2.50, \$3, \$3.75, \$5, \$5.50, \$6, up to \$15.

FURS

Compare quality and price of our furs with those you see elsewhere. If we don't give you better values for the same price or the same grade for less money than you can buy elsewhere we won't expect you to buy here. Anything more fair?

NEEDLE PARALYSIS

DR. WILLIAMS' PINK PILLS THE
ONLY SAFEGUARD.

One of the Afflicted Tells How They
Restored the Use of Palsied
Fingers.

Too ready use of a particular set of
muscles tends to chronic fatigue,
which produces faulty or difficult mo-
tion, trembling, cramps and even para-
lysis. Writers, stenographers, tele-
graphers, tailors and seamstresses are
among the classes most threatened in
this way with the loss of their power
to earn a living.

The only safeguard is to keep up the
supply of nerve force through the
blood, which carries to the nerves the
food that supports their strength. The
following instance shows that nerve
power may be recovered after it seems
entirely lost, if the right means are
taken. Mrs. O. S. Blacksten, of No.
334 North Bowman street, Mansfield,
Ohio, says:

"For years my hands would become
so numb at times that I would drop
anything I attempted to lift. Later
they became so bad that I could not
sew any longer. As soon as I put on
my thimble a pricking sensation would
begin in my finger tips and run up to
my shoulders. I got so at last that I
could scarcely do anything at all with
my hands.

"There was another serious dis-
comfort. At night the pricking sensa-
tions would come on worse than ever.
When I retired my hands and arms
would pain so I dreaded to go to bed.
I suffered more than I can make any-
one understand. My family doctor gave
me some nerve tablets. They helped
me a little, but only for a short time
after I had taken them. If I happened
to be without them for a day or two
I would be as bad as ever or even
worse.

"One day a book was left at my
door. I looked at it and got interested
in reading accounts of cures from ner-
vous troubles effected by Dr. Williams'
Pink Pills. That very day I got a box
and began to take them. The result
was surprising. Thanks to Dr. Wil-
liams' Pink Pills, I am now all right.
I can sleep undisturbed by pain, and
I am in fact as well as I ever was in
my life."

Dr. Williams' Pink Pills have made
some marvelous cures in severe ner-
vous disorders, because they feed the
blood with vital elements and so re-
store lost nerve force. And, through
the blood, they strike at the root of
all common blood diseases such as
anaemia, general weakness, indiges-
tion, headaches, neuralgia, rheuma-
tism, sciatica, lumbago, backache, and
the special ailments of women when
their blood becomes poor or irregular.
Dr. Williams' Pink Pills are sold by
all druggists, or direct from the Dr.
Williams Medicine Company, Schene-
ctady, N. Y.

Ironton. At this conference followed
by an inspection trip over both the
Ann Arbor and old Detroit Southern.
Mr. Zimmerman will decide as to his
accepting the presidency of the two
roads, and if he does, something will
be doing on this north and south road
which is sure to benefit Lima and her
tradepeople.

Schoepf After Them.

The preliminary steps looking to
foreclosure proceedings against the Ap-
pleyard Traction System in this state
were taken yesterday when an order
was made at Cincinnati by Judge Al-
bert C. Thompson requiring all per-
sons having claims against the various
lines to file proof with the receivers
on or before December 30 next.
Future plans will be made after all
claims have been carefully examined
and a report made carefully examined
and a report made to the court. Some
time ago it was stated that W. Kesey
Schoepf and associates were planning
to buy up all of the property, which
forms a big chain of electric roads
throughout the state and the court or-
der is in line with this big deal.

TRACTION MAGNETS

Went Over Route Between
Here and Leipsic
Yesterday.

W. Wesley Schoepf, president of the Lima Electric Railway and Light company, and also of the Toledo and Lima Traction company; Joseph Benson Foraker, Jr., L. D. Latta, engineer and W. H. McAllister, all of Cincinnati, after two days in this city left for Cincinnati on the noon train today.

The gentlemen met here in conference with Joseph B. Mayer and Hon. Hugh T. McGowan, the Indiana traction magnate, to discuss matters in general and make an inspection.

They denied any thing new was on but expressed themselves as deserving of the right to view the work on history and in the choosing of criminal six which they went over yesterday and with which they seem highly pleased. It is learned that these active managers of the new Lima-Toledo line are bending every effort for an early completion of the road, and expect to start service north from here to Leipsic at the earliest possible date and to Ottawa this will not be far in the distance, power being used from the local plant.

GROVER CLEVELAND

Spending the Day Quietly
In Chicago With Mr.
Paul Morton.

Chicago, Oct. 27.—Former President Grover Cleveland and his party reached Chicago at 7:40 a. m. today in a private car over the Penna. lines. Carriages were taken to the Stratford hotel. The party was complete, as announced, except that Mr. and Mrs. Adair Stevenson did not come. Mr. and Mrs. Cleveland were accompanied by Paul Morton, Miss Pauline Morton,

Dr. J. D. Bryant, of New York, and Master Wirt Morton. Mrs. Morton left the train at Englewood where she was met by relatives whom she will visit. The other travelers were met at the Union station by Joy Morton, and by Mrs. Paul Morton who has been in Chicago attending the horse show. The private car was transferred to the Chicago Burlington and Quincy yards, over which road it will leave for Nebraska tonight at five o'clock.

The occasion of Mr. Cleveland's visit to Nebraska is the unveiling of a monument erected in honor of J. Sterling Morton, father of Paul and Joy Morton. The former president will deliver an address there.
